

SSBR200 Stability Ball Rack

Body-Solid®
Built for Life

SSBR200 Stability Ball Rack

The Body-Solid SSBR200 Stability Ball Rack allows for storage of up to 12 stability balls, 45cm to 75cm in size.

Tiered storage on the SSBR200 Stability Rack helps organize stability balls by color and size and features a horizontal design for increased storage capacity. Durable plastic tubing helps maintain stability ball integrity while the convenient storage increases safety by keeping equipment off the floor. The Body-Solid SSBR200 Stability Ball Rack features locking caster wheels for easy transportation.

Weight: 38.6 lbs.
Dimensions: 17.3"L x 107.5"W x 62.5"H

Special Features

- Holds up to 12 stability balls, 45cm to 75cm in size
- Keeps stability balls clean and organized
- Rounded tubing protects your stability balls
