

LINX RACK

# CABLE CROSSOVER

VFCR1701C

The BodyKore VFCR1701C Cable Crossover is a commercial grade cable cross that is attachable to our Full Linx Rack Modular System. The cable crossover is great for exercises targeting the chest muscles while also activating your shoulder, back, and core muscles. This cable cross is commercial grade and its components are made for club use and built to last a lifetime.

The main frame is constructed of high-grade stainless-steel hardware and has an electrostatic powder coat finish to ensure maximum adhesion and durability. The cable crossover comes with 2x 200lb weight stacks.

**Dimensions**  
102" x 41" x 94"

**Weight**  
1047lb
